

Best Voting sights and Apps to prepare for you for voting

How to get “My Vote Ballotpedia” for iPhone or “ActiVote” for Android

Go to app store on your iPhone and search for My Vote Ballotpedia

For Android phones search for ActiVote

Install app on your phone

Follow instructions to see elections and candidates in your area by entering in your information.

You are now looking at those that will be on the ballot based on your residence

Tap on any of the candidates to get more info and a bio on them

The next page may have more info on them and it may not. To get to the info that BALLOTPEDIA has on that candidate tap on: GO TO BALLOTPEDIA

Then you are on the candidates info/bio page

Then scroll down for link to their website

Their website will contain all their contact info

Vetting Candidates

When contacting candidates a simplified way to determine their moral compass is:

A person’s moral compass determines their fear of God and whether or not they will uphold His righteousness when serving in a government office.

Ask their positions on 3 main biblical issues that have become political issues:

1. Abortion
2. Marriage
3. Israel
4. The Constitution
