

## **Pastor Terri Copeland Pearsons**

Being aware of our environment and what is going on in our time is true wisdom, similar to the "the sons of Issachar."

Issachar was the fifth of the six sons of Jacob and Leah, and the founder of the *Israelite Tribe of Issachar*.

1 Chronicles 12:32

The sons [Tribe] of Issachar exemplify the importance of discernment in leadership. Leaders today need to be seeking wisdom and understanding.

We respond with the Lord's wisdom and heart of understanding with our faith.

Genesis 12:3 -- Bless and curse.

When someone curses the blessed, they are actually cursing the blesser.

Philippians 2:9-11;

The word 'things' here means 'words' in the Hebrew.

Therefore, when we speak His words, they become the things we are believing for.

Here at EMIC, three of our assignments are focused on the Jews.

1. Helping Jews make Aliyah.
2. The city of Jerusalem.
3. Judah and Samara [the world refers to this as the west bank].

**Brother Bill Prankard** ministers primarily to the Inuit people in Canada. Over thirty years ago, Sister Gloria Copeland heard a message from Brother Bill, and said to her husband, Kenneth, "We need to support him," and that is how the friendship and support began.

The Inuit are an Indigenous people of the Arctic who live in northern Canada. The word Inuit means "the people" in the Inuit language of Inuktitut.

Early in Bill's ministry, he was instructed by a prophetic word to reach these people quickly. Bill has been evangelizing in Canada for over 50 years.

In Canada, Kenneth Copeland Ministries is viewed as upholding godly values and integrity, whereas many ministries now in Canada have compromised their values for various reasons. The Lord lead Bill and Jacob Walda to dream several years ago, which was the birth of the 'Timothy Conference.' This conference began in 2023, and this year will be in Alberta Canada, August 20-23. This conference focuses on how to pour into each generation.

Brother Prankard shared three stories of how you are helping to change peoples lives.

**First story:**

Bill travels primarily in a tank across the tundra of Northern Canada. It is common in the summer to find nomadic people camping by the river as they follow the caribou.

The Canadian government has taught these people Russian as they are so close to Russia. So, Bill and his team leave Bibles and KCM material written in Russian.

The leader of one of the groups of nomadic people said they lost their nets and read the material that Bill and left the previous year. They came to the story of Lot and how he had returned to him more than he lost, so they believed that their nets would be returned and that the catch of fish would be at least double compared to every other nomadic group that year. And that is exactly what happened!

**Second story:**

One day on the Tundra, Bill and his team came across Peter and his sons. Peter said he was waiting to meet Bill as he knew he was in the area. Peter said he would be moving camp the following morning and invited Bill to travel with him for the next week.

Peter shared since they have put their faith in God, their reindeer herd has greatly multiplied (which is how they make their money with trading reindeer.) Peter said, this message really works!

As a blessing, Peter 'dressed' a reindeer for Bill and his team to take, which provided Bill and his team with meat all winter.

### Third story:

A boy to the tribe was born crippled, and was now four, resulting that he never had walked. Bill said we are going to pray for healing today, but a lady stopped Bill and said, Jesus has already healed my son 2,000 years ago, as she read "The laws of prosperity" by Kenneth Copeland that was given to her by one of the other evangelists who minister in this region.

Here son received his healing and this lady's faith was strong as a result of the Word of God and the KCM material.

Brother Bill said; **"It is harvest time everywhere, and not just in Fort Worth!"**

Bill said he is expecting the greatest harvest to be coming now, which combines the Azusa revival, Welch revival, healing move in the 50's, Charismatic revival, and all the wave of teaching and healing - the word of faith. Smith Wigglesworth prophesied this is the time for the greatest!

Smith Wigglesworth said I see the dead raised, every form of disease healed, and whole hospitals emptied! He said this will be so great that no one will be able to count all the people who turn to the Lord.

*Matthew 19:26;*

*"Jesus looked at them and said, "With man this is impossible, but with God **all things are possible.**"*

Remove the word **impossible** from your vocabulary.

God is BIG but are you living in a belief that the devil is bigger than any situation you encounter.

A sign that Oral Roberts had on his office desk,

**"Make no little plans."**

*Psalm 78:40;*

*"How often they rebelled against him in the wilderness and grieved him in the wasteland!"*

God is saying take the limits off, as there is so much more.

Kathryn Kuhlman voice: **"Faith is that quality or power by which the things desired become the things possessed."**

When David brought food to his brothers on the battlefield, he already knew how BIG his God was, as he already said in the Psalms, "When I consider my God..."

What are we binding each day, and what do we lose to operate each day? Many believers are saying, Oh God do something, but God is saying, Church, do something!

There are a lot of tired, depressed, and angry Christians - this is a spiritual issue as having more rest will still leave many folks tired and depressed.

Nehemiah spoke to Israel and said it isn't time to quit, or time to rest, but it is time to remember. Remember the Lord's ways, the Lord's promises and step out in faith and walk in them.

#### Ezekiel 37:1

The vision of the dry bones symbolizes Israel in exile, lifeless, and without hope. God revives the bones to show His power to redeem and restore His people.

V. 1 The hand of the Lord.

V. 3 Son of man, can these bones live?

V. 5 I will tell you what to say.

V. 7 The bones are now standing but have no life. So now speak to the wind to blow on these bones and bring life, strength and vision.

Notice it began by talking about death and dryness and now is talking about life.

This isn't just a wind, this is the same wind that moved on 120 people in the upper room. We still have a wind blowing today, it is the wind of the Holy Spirit blowing here on "The revival capital of the world!"
